ORDINANCE No. 67/2021
of Rector of the University of Wroclaw
of 18 May 2021

on the introduction of procedures at the University of Wroclaw for the recognition of a diploma of study abroad as equivalent to a corresponding Polish diploma and professional title and confirmation of the completion of studies at a specified level

Pursuant to Article 23, sections 1 and 2 in conjunction with Article 327 of the Act of 20 July 2018 - Law on higher education and science (consolidated text: Journal of Laws of 2021, item 478, as amended) and the Regulation of the Minister of Science and Higher Education of 28 September 2018 on the nostrification of higher education diplomas obtained abroad and on confirmation of completion of higher education studies at a given level of education (Journal of Laws of 2018, item 1881), it is ordered as follows:

§ 1.1. It is introduced at the University of Wroclaw:

1) the procedure for recognizing a diploma of study abroad as equivalent to the corresponding Polish diploma and professional title, hereinafter referred to as "nostrification proceedings."

2) the procedure for confirming the completion of studies at a certain level by a foreigner who has been granted refugee status or subsidiary protection, or a foreigner with a temporary residence permit granted due to the circumstance referred to in Article 159, paragraph 1, point 1(c) or (d) of the Law on Foreigners of 12 December 2013, who does not have a graduation diploma, hereinafter referred to as "the procedure for confirming the completion of studies at a certain level."

2. The proceedings indicated in section 1 shall be initiated upon application addressed to the Vice-Rector for teaching, hereinafter referred to as the "Vice-Rector", drawn up in Polish on a form, the specimen of which is specified:

1) Appendix No. 1 for persons applying for recognition of a diploma of study abroad as equivalent to the corresponding Polish diploma and professional title;

2) Appendix No. 2 for applicants for confirmation of graduation at a certain level.

3. In the application for recognition of a diploma of graduation from studies abroad as equivalent to a corresponding Polish diploma and professional title, the proposed scientific discipline or leading scientific discipline in which the diploma will be nostrified should be indicated, as well as the field of study (from among those currently conducted at the University of Wroclaw), and in the case of an application for confirmation of completion of studies at a specific level, the proposed field of study should be indicated.

4. The date of initiation of proceedings is the date of service of the application.

§ 2.1. Vice-Rector determines whether the University of Wroclaw is the competent body to conduct the proceedings, and in particular – whether it has the required authorizations in the requested discipline and whether it conducts the indicated field of study.

2. In the event that it is determined that the University of Wroclaw lacks jurisdiction to conduct nostrification proceedings or proceedings to confirm the completion of studies at a certain level, the Vice-Rector shall issue a decision to refuse to conduct them. The decision may be appealed to the Rector.

§ 3. Vice-Rector, taking into account the academic discipline and the field of study to which the application relates, appoints the Dean responsible for conducting the nostrification procedure or the procedure for confirmation of graduation at a certain level.

§ 4.1. The dean performs a formal evaluation of the application referred to in § 1, section 2 in terms of the required elements. If the application is found to be formally deficient, the Dean shall set a deadline of no less than 14 days for the Applicant to complete the application, under pain of leaving the application unprocessed.
2. Upon completion of the formal assessment, the Dean shall call on the Applicant to pay the fee for conducting the nostrification procedure or the procedure for confirmation of graduation at a certain level, indicating the number of the bank account to which the fee should be paid, and the deadline for payment of the fee, not shorter than 14 days from the date of delivery of the call, under pain of return of the application.

§ 5. If the Dean to whom the application was forwarded determines that the application should be for a different academic discipline or field of study than proposed by the Applicant, he or she shall immediately return the application to the Vice-Rector, attaching a justification. Vice-Rector, after considering the justification, indicates the Dean competent to conduct the proceedings.

§ 6. The Dean appoints a nostrification commission, hereinafter referred to as the “Commission”, to carry out activities in the ongoing proceedings referred to in § 1, section 1. The Commission is composed of:

1) vice-dean in charge of study programmes, as chairman of the Commission;
2) four members, at least two of whom hold a postdoctoral degree (doktor habilitowany), representing the discipline to which the field of study is assigned, provided that in the case of a field of study assigned to several disciplines, two members represent the leading discipline. In justified cases, the Dean may increase the composition of the Commission to seven people.

§ 7. 1. The Commission, on the basis of the documents attached to the application, compares the applicant's study programme, the learning outcomes and professional entitlements obtained, the professional practice carried out and the duration of study with the study programme, the learning outcomes and professional entitlements obtained, the professional practices carried out and the duration of study in the field of study conducted at the University of Wrocław.

2. If differences are found in the study programme, in the learning outcomes achieved, in the implementation of professional practice or in the duration of study, the Commission may oblige the Applicant to take specific examinations or to complete professional practice, specifying the conditions and deadlines for taking examinations or completing professional practice.

3. After the verification referred to in section 1, the Commission shall, within 30 days from the date of appointment, issue an opinion either positive or negative on the proposed settlement.

4. The Commission's opinion, with appropriate justification, is part of the minutes of its work, signed by the chairman and all members of the commission. Model protocols are set forth in Appendices No. 3 - 10.

§ 8.1. Within 90 days from the date of submission of an application that meets the formal requirements, the Dean, based on the opinion of the Commission:

1) recognizes or refuses to recognize a diploma of study abroad as equivalent to a corresponding Polish diploma and professional title, or
2) confirms or refuses to confirm the completion of studies at a certain level.

2. Refusal to recognize a diploma of study abroad as equivalent to a corresponding Polish diploma and professional title, as well as refusal to confirm the completion of studies at a certain level, is carried out by an administrative decision.

3. In the case of recognition of a diploma of study abroad as equivalent to a corresponding Polish diploma and professional title or confirmation of completion of studies at a certain level, the Dean shall issue a certificate in accordance with the models set forth in the appendices of the Regulation of the Minister of Science and Higher Education on the nostrification of diplomas of completion of studies abroad and confirmation of completion of studies at a certain level.
